ALTERNATIVE SHELF ANGLE/WALL

- Flashing membrane surface adhere to substrate
- Corrosion protected continuous steel angle and steel bracket
- Insulation retainer adjustable wall tie
- Mortar drop control
- Compressible backer rod and sealant
- Steel track fastener (screw size is determined by load supported)
- Steel track
- Weld plate cast in place
- Long leg outer track anchored to slab, neither sheathing or drywall attached to allow for deflection of slab
- Mineral fiber fire stop where required
- Gypsum wallboard, steel stud wall, exterior sheathing, air/vapor barrier membrane, rigid or semi-rigid insulation (thickness dependent on required R-value), min. 1" air space, modular size brick veneer.
