

Vinyl Damage?

FIX IT WITH BRICK!

Was the vinyl siding on your home damaged by recent severe storms? If so and your apprehensive about what to do next, consider thin brick as a superior and affordable alternative. Thin brick is **real, kiln-fired brick simply cut thin and provides the same durability, security, and value** of full-bed brick cladding.

● **NOT LIMITED TO SPECIFIC HOME STYLES OR CERTAIN STRUCTURES**

● **VARIETY OF WALL SYSTEMS & INSTALLATION METHODS**

● **COLOR OPTIONS AVAILABLE**

General Shale Brick®
