The best designs begin with the finest materials.

A unique look for Arriscraft, Adair® Thin Limestone features the beauty and durability of quarried stone, cut into easy to install thin units. This dynamic product features 3 face rises, a blend of Adair® colors and patterns, and a split faced finish. Adair® Thin Limestone is suitable for use in adhered tile installations for both interior and exterior applications.

Color and Texture

- Split faced
- Random Blend of Sepia and Blue-Grey
- Random Combination of Veined, Fleuri, and Cross Veined patterns

As a naturally occurring material, Adair® Thin Limestone is subject to variations in color and pattern. These unique characteristics add beauty and character.

Installation

Adair® Thin Limestone is adhered to a suitable solid substrate, and is installed with dry joints between units, meaning there is no mortar used in the joints. For Installation details, refer to the Thin Adair® Limestone DATA Sheet.
