

IMPRESSIONIST BRICK Series

BUILD BEYOND THE TRADITIONAL

PRODUCT DESCRIPTION

General Shale's industry-unique series harnesses historic brick architecture to achieve the ultimate contemporary masonry design. Defined by its exaggerated unit lengths and shallow face heights, Impressionist brick transcends the traditional appearances of clay brick structures to give a truly distinct contemporary look while retaining all the benefits of masonry walls.

COLORS & TEXTURES

Impressionist Brick Series is a modern design choice for residential and commercial construction. Available product options include brown, gray, and red color tones with smooth and wire-cut texture options.

Andover (*Wire-Cut*)
