

Adair® Limestone is a quarried stone of exceptional versatility, value and beauty. The inherent warmth and strength of Adair® Limestone provides elegance, strength and sophistication.

Adair® Clip

Adair® Clip is unlike any other stone cladding on the market. These large panels of limestone clip into a channel system for an outstanding aesthetic.

The generous face heights (11-3/4", 15-3/4", 23-3/4") are available in lengths of 47-3/4" and 71-3/4", making this finished installation absolutely unique. Customers can choose from Blue-Grey or Sepia tones, in Fleuri or Veined patterns.
